

Working together for paediatric research

Rx&D's charity golf tournament to benefit the Canadian Association of Paediatric Health Centres' (CAPHC) *National Patient Safety Program* proved to be a great success. Held on June 22 at the Hautes Plaines Golf, Gatineau, Quebec, the tournament raised \$17,500 for the *Program's* initiatives.

CAPHC is a national not-for-profit interdisciplinary organization, whose members include all Children's Hospitals in Canada, as well as many community hospitals, rehabilitation centres, and home care provider agencies across Canada that provide health services for children, youth and their families. CAPHC's mission is to improve health care for all Canadian children and youth.
